YOUR JOURNEY

WITH US

STARTS HERE

We are in the top
15%
of colleges
nationally for our
achievements rates
for 16-18 year olds

Welcome and thank you for your interest in Doncaster College. This new prospectus showcases our sector-leading facilities, the support available from our fabulous staff, and the wide range of opportunities, subjects, and levels we deliver.

In January 2025, Ofsted once again recognised us as a Good provider and highlighted many key strengths across the breadth of our provision. Students at College were seen to grow in confidence, take pride in their excellent levels of achievement, and benefit from highly effective personal development.

We recognise that students will take different routes to reach their personal and professional goals. To enable this, we offer a wide range of study options, including studying on a full-time course, learning whilst working on a high-quality apprenticeship, or heading on to our amazing Higher Education offer at our university campus. Whichever route you

take, we want you to enjoy your time with us and become an active member of our college community.

To maximise your chances of success, we believe that good attendance and punctuality are important and will be essential for you to reach your potential. This is not only important for learning on your course and ensuring the best possible grades, but is also highly valuable preparation for your future working life.

You will all be aware of the importance of gaining maths and English qualifications to a good standard, and we will continue to support you to achieve those qualifications if you haven't already done so.

There are many opportunities to get involved in college activities, our community, and to make your voice heard. These include becoming a Student Governor or Student Rep, taking part in trips, clubs and societies, WorldSkills UK events, internal college leagues, The Duke of Edinburgh's Award Scheme, and much more.

You can expect us to provide you with great teaching and learning, as well as wider support to enable you to succeed.

We wish you all the best and look forward to seeing you around the College in the future.

Danny Fenwick
Principal & Acting CEO

SUPPORT AT EVERY STEP

Starting college is a big step, but you won't have to navigate it alone. From supporting your wellbeing and learning to helping you plan your future, our dedicated teams are here to help you feel confident, supported, and ready for whatever comes next.

Personal Development

Weekly Personal Development sessions give you the knowledge and skills you need for life, work, and further study. Topics include health and wellbeing, online safety, money matters, safeguarding, British Values, equality and diversity, and preparing for your future.

You'll also have opportunities to take part in workshops, student choice sessions, and social action projects.

Additional Learning Support

Our Additional Learning Support (ALS) team can provide extra support and specialist equipment to help you get the most from your studies.

Careers Advice

Get professional, impartial advice to help you explore your options, make informed choices, and plan your future career. ***Find out more on page 8.***

Wellbeing and Counselling

Our Counsellors and Wellbeing Intervention Coaches provide individual support with your emotional wellbeing, attendance, progression, and any challenges you may face. Wellbeing Centres also offer drop-in support.

Financial Support

Financial support may be available to help with travel, equipment, trips, and other course-related costs. Our team can advise you on the support available.

English and Maths

If you haven't achieved a grade 4 or above in English and maths, you'll continue studying these alongside your main course to develop essential skills for your future. ***Find out more on page 18.***

Safeguarding

Our dedicated Safeguarding Team is here to help keep you safe and respond to concerns about your safety or wellbeing.

Equality, Diversity, and Inclusion

We want every student to feel welcome, respected, and valued. We celebrate individual differences and are committed to creating a safe, inclusive college community where everyone has equal access to opportunities and support.

ACHIEVE.

CONNECT.

EXPERIENCE.

College is about more than just your course. It's a chance to try new things, meet new people, discover interests you didn't know you had, and make memories. Throughout the year, you'll have opportunities to get involved in a huge range of activities, events, trips, and experiences, helping you build confidence, develop new skills, and make the most of your time with us.

Get involved

Meet new people, make friends, and get involved in college life. Join clubs and societies, take part in sports teams, student events and charity fundraisers, or have your say through our Student Advisory Board and Student Advisor opportunities.

You can also take

part in career and job workshops, student finance sessions, guest speaker events, and employer activities to help you prepare for life beyond college.

Try something new

Fancy trying something different? Get involved in hands-on, active, and team-focused activities throughout the year.

Have a go at archery, arrow tag, fencing, bench-ball, water sports, and team challenges, or take part in escape rooms and other activities.

Whether you're competitive, creative, adventurous, or simply looking for something new to try, there's something for everyone.

Take on a challenge

Looking for something bigger? Take part in the Duke of Edinburgh's Award and challenge yourself to learn new skills, get active, support your community, and experience adventure.

Along the way you'll build confidence, leadership, independence, and valuable life skills while making memories that will stay with you long after you finish college. **Find out more on page 12.**

Explore new opportunities

Take your learning beyond the classroom through trips, visits, employer-led activities, guest speakers, and industry events. These experiences give you the chance to discover new interests, develop your skills, and see where your future could take you.

You could also have the opportunity to take part in international work experience, competitions, and Erasmus+ exchanges, with previous opportunities including Bali, Belgium, Fiji, Finland, France, Germany, Greece, Italy, the Netherlands, Portugal, Spain, St Lucia, Thailand, the USA, and more. **Find out more on pages 10 and 14.**

EXPLORE.

PREPARE.

SUCCEED.

We pride ourselves on providing impartial careers education, information, advice, and guidance to help you make informed decisions about your course and future career.

Throughout the year, you can access careers appointments and group sessions to explore your options. Working with you, our Careers Team can help you create a personalised action plan, set realistic goals, and confidently plan your next steps.

The Careers Team can help you:

- Find out about courses on offer
- Explore career options and make informed decisions
- Research career opportunities and progression routes
- Apply to university with UCAS support
- Create a CV
- Develop job search and application skills

You can also access:

- One-to-one careers appointments
- Personalised college tours

Our Careers Team is accredited by both Matrix and Quality in Careers, reflecting our commitment to providing all students with a high-quality careers service.

92%
of our students progress to a positive destination, whether that's employment, university, an apprenticeship, or further study.

EXPERIENCE THE WORLD OF WORK

Work experience gives you an insight into the world of work and the opportunity to develop the practical and technical skills needed for your chosen profession or trade.

All students are supported to undertake a work experience placement, with our Work Placement Officers helping you find the right opportunity.

We work with a wide range of employers locally and beyond, giving you opportunities to work on real projects and develop the skills and attitudes needed for employment.

You'll also take part in employer-led projects, subject-related visits, and guest speaker sessions that bring the workplace into your course.

International work experience

You could have the opportunity to work abroad for two weeks, developing your personal and professional skills while experiencing work and life in a new culture.

Previous opportunities have included: Bali // Belgium // Fiji // Finland // France // Germany // Greece // Indonesia // Italy // Netherlands // Portugal // Spain // St Lucia // Thailand // USA, and more.

Course areas are selected annually to participate in the Erasmus+ programme, and students

from those curriculum areas will be invited to apply. As participating course areas may vary, we encourage students to watch for announcements and apply when opportunities become available within their course of study.

Erasmus+

Erasmus+ provides funding for international education and training around the world. Students, including apprentices, can study, work and take part in skills competitions abroad.

AJ

"COMING INTO THIS EXPERIENCE I WASN'T SURE THE IMPACT IT WOULD HAVE ON ME AS A PERSON. HOWEVER, COMING INTO IT OPEN MINDED IT HAS TAUGHT ME TO BE A BETTER PERSON AND HELPED ME GROW IN MY CONFIDENCE, COMMUNICATION, AND COACHING."

LEVEL 3 EXTENDED DIPLOMA

SPORT AND PHYSICAL ACTIVITY

ADVENTURE STARTS HERE

The Duke of Edinburgh's Award (DofE) is a chance to try new things, challenge yourself, meet new people, and gain experiences that will stay with you long after college.

Along the way, you'll build confidence, independence, communication, leadership, and teamwork skills that can support you in your future studies, career, and everyday life. The DofE Award also gives you a great way to show universities and employers what you're capable of beyond your academic achievements.

We have the highest number of students participating in the Duke of Edinburgh's Award of any college in the UK

Since launching the DofE Award in 2017, more than 2,500 students have taken part, with participation growing every year.

Support every step

You'll complete your award alongside your college timetable, with support from your course tutors and our dedicated DofE team. We'll guide you through each stage and help you develop the skills you need to complete your award.

You'll take part in volunteering and a range of activities, including archery, arrow tag, bench-ball, and dodgeball, giving you the

chance to try something new while building confidence and working as part of a team.

Take on the adventure

One of the highlights of the award is the camping and hiking expedition. You'll learn everything you need to prepare, then put your skills to the test as you take on the challenge with your team.

With support from our in-house DofE team throughout, you'll have the opportunity to push yourself, make new friends, and create memories along the way.

LEVEL 1

IT & DIGITAL

TAKE YOUR SKILLS TO THE NEXT LEVEL

Want to put your skills to the test? Throughout college, you'll have opportunities to take part in local and national skills competitions, giving you the chance to challenge yourself, gain experience, and showcase what you can do.

Competitions include WorldSkills UK, SkillBuild, and inter-college championships, alongside industry-specific and in-house challenges. Whether you're competing against students from across the college or taking your skills to a national stage, there are opportunities to get involved at every level.

Put your skills into practice

Competitions reflect real-world working environments, giving you

the opportunity to put your skills and knowledge into practice. Along the way, you'll develop confidence, resilience, creativity and problem-solving skills while working towards being the best you can be.

As a WorldSkills UK Centre of Excellence, we're proud to embed competitions into learning across the college. We also work closely with employers to make sure you develop the skills and experience that can help you succeed in your future career.

Ready to compete?

From your first in-house challenge to inter-college and national competitions, there are plenty of opportunities to get involved, challenge yourself, and see how far your skills can take you.

DESTINI

"BEING THERE MADE ME FEEL ACCOMPLISHED, AND I WAS GENUINELY PROUD OF MYSELF FOR STEPPING OUTSIDE MY COMFORT ZONE. I'D ENCOURAGE OTHERS TO TAKE PART TOO, SO THEY CAN EXPERIENCE COMPETITION FOR THEMSELVES AND DEVELOP THEIR SKILLS ALONGSIDE LIKE-MINDED STUDENTS."

LEVEL 3 DIPLOMA

PROFESSIONAL COOKERY (KITCHEN & LARDER)

KICK-START

YOUR SPORTING

CAREER

Enhance your studies with our Sports Academy at Doncaster College, where you can combine high-quality education with competitive sport.

Whether you want to take your game to the next level or simply enjoy playing alongside your studies, the Academy gives you the chance to develop your sporting ability while gaining an academic or vocational qualification.

Led by professional and qualified coaches, you'll receive expert coaching and support to help you develop your skills and reach your potential.

Focusing on football or rugby union, you'll train each week and compete in Association of Colleges (AoC) leagues. Students from all subject areas of the College are welcome to join.

If you choose to continue your studies at University Campus Doncaster, you can progress into our 18+ Academy squads and compete in British Universities & Colleges Sport (BUCS) leagues.

SCAN THE QR CODE TO FIND OUT MORE

FOOTBALL ACADEMY

Our Football Academy has gone from strength to strength over the last few seasons under the guidance of our coaching team.

With competitive AoC men's and women's teams for ages 16–18, plus a participation team for men and women aged 16+, the Academy is about more than developing your technical skills. You'll also build confidence, resilience, and the mindset to succeed both on and off the pitch.

What can you expect?

- 2 hours of technical training each week
- 1-hour gym and personal training sessions
- 1-hour analysis sessions following fixtures and training
- Regular competitive fixtures against colleges across the region and beyond
- Opportunities to feature in college interviews and marketing
- One-to-one support from our Extended Diploma students, including bespoke development plans
- Expert staff with experience in elite sport

- Nutritional advice and support through TASS
- Opportunities to coach and referee
- Varsity events at the Club Doncaster Sports Village, home of Doncaster Rovers FC

RUGBY ACADEMY

Our Rugby Academy is delivered in partnership with local RFU Championship Club, Doncaster Knights.

With ambitions to progress within the AoC and BUCS leagues, the Knights Academy is led by an expert coaching team with professional playing experience.

What can you expect?

- Training days mirroring the Doncaster Knights first team
- Talent pathway opportunities
- Fixtures against academies and professional clubs
- Coaching opportunities
- Nutrition, strength, and conditioning programme
- Medical provision

CORE SKILLS

FOR YOUR

FUTURE CAREER

English and maths are an essential part of your studies at Doncaster College, helping you build confidence and develop the skills you need for your course, future career, and everyday life.

Employers and universities value these qualifications, so if you haven't achieved a pass in either or both subjects, don't worry. You'll receive support from our specialist tutors to work towards the qualifications you need alongside your chosen course.

If you have a grade 2-3 in either or both subjects, you'll be enrolled onto our GCSE programme. If this isn't suitable, we'll assess your current level and may enrol you onto a Functional Skills

programme, developing the skills you need for everyday life, study, and employment.

If you've already achieved a grade 4 or above in English and maths, you'll continue developing these skills through your main curriculum lessons.

Why study English and maths?

English and maths can help you manage your finances, communicate effectively, and understand current issues, while supporting

you to succeed on your course and in your future career.

Not having these qualifications can be a barrier to your future. Most employers and universities look for at least a grade 4 (C) in GCSE English and maths.

Good GCSE grades in English and maths can open doors to further study and employment, highlighting the importance of these qualifications for your future career and financial prospects.

EDUCATION THAT'S LOCAL TO YOU

Doncaster College is easy to get to, however you choose to travel. Our Hub campus is right in the heart of Doncaster city centre, with excellent transport links and a short walk from the bus and train stations. We also offer a bus service to and from our partner campus at North Lindsey College in Scunthorpe.

Our campuses

Our main campus, The Hub, is within walking distance of the city's shops, cafés, and restaurants. As well as fantastic learning spaces, you'll find an on-site restaurant, common room, Starbucks, canteen, Learning Resource Centre (LRC) and much more.

North Lindsey College, part of DN Colleges Group, is our partner college and home to our Music provision.

Public transport

Doncaster Transport Interchange and train station offer excellent bus and train links across Doncaster and the surrounding area. If you're under 21 and meet the criteria, you can apply for a Travel Pass for cheaper fares on buses, trams, and Northern trains.

For more information and guidance on how to apply, visit travelsouthyorkshire.com/en-gb/ticketsandpasses/zoom

Car parking

There is no on-site car parking, but there are several pay-and-display car parks nearby. The closest is Chappell Drive East, just a two-minute walk away. Some car parks only accept cashless payments via mobile phone, so come prepared.

We have disabled parking bays on-site, along with a short-stay pick-up and drop-off bay outside the building.

YOUR GUIDE TO LEVELS

All of our courses are designed to build your skills, confidence, and knowledge, helping you feel ready for whatever comes next.

ENTRY LEVEL

YOUR

APPLICATION

MADE EASY

OPEN EVENTS 26/27

Find out more about our courses and what life is like at Doncaster College by coming along to one of our open events.

Tuesday 6th October 2026

Tuesday 12th January 2027

Tuesday 22nd June 2027

Thursday 9th September 2027

Visit don.ac.uk, follow us on social media or scan the QR code for additional events and further information.

1 MAKE YOUR CHOICE(S)

Choosing your next step can feel tricky with so many courses to explore. Browse our website or prospectus and shortlist subjects that interest you. You can also visit an open event or contact us for advice.

2 APPLY OR ENQUIRE

Found your course? Apply online at don.ac.uk using the 'Apply/Enrol/Enquire' button, or download a PDF form and email it to centraladmissions@don.ac.uk. If you're in Year 11, you can also apply through your school. Need some help? Visit the College and our team will be happy to support you.

3 INTERVIEW

You'll receive an email inviting you to meet a tutor from your chosen subject. It's your chance to ask questions, discuss your goals, and make sure the course is right for you.

4 OFFER OF A PLACE

Once we've confirmed that the course and level are right for you, you'll receive an email with a conditional or unconditional offer to study your chosen subject.

5 TASTER SESSION

Join us for a summer taster session to experience your course, meet your tutor, and get to know other students. You'll be invited by email to attend a session.

6 ENROLMENT

If you accept your offer, you'll attend an enrolment day in August. You'll need to bring any documents required to meet the conditions of your offer, including exam results if needed.

EARN, LEARN, AND GET AHEAD

We work with some of the largest employers in the country, who choose DN Colleges Group as their preferred provider of high-quality apprenticeships.

What is an Apprenticeship?

An apprenticeship gives you the opportunity to study and work at the same time, allowing you to earn a wage while gaining a qualification and valuable industry experience.

Unlike most full-time courses, some apprenticeship courses offer enrolment at different points throughout the year, so it's never too late to apply.

When can I apply?

You can apply for an apprenticeship at any stage, including:

- When you leave school
- During an existing course if you decide to change your pathway
- After leaving college
- As an adult student later in your career

How do I apply?

You can apply through the UCAS website or the National Apprenticeship Service at [gov.uk/apply-apprenticeship](https://www.gov.uk/apply-apprenticeship).

As an apprenticeship is a job with training, it's important to research opportunities carefully and prepare for interviews with employers.

You can also contact our team using the details on the opposite page to register for the latest vacancies.

How do I find an apprenticeship?

Our team can help you identify the type of apprenticeship you're interested in.

We have close links with local employers and advertise vacancies on our website and the National Apprenticeship Service.

Our team can also keep you up to date with opportunities in your chosen area.

What are the benefits?

- Earn while you learn – you'll receive at least the National Minimum Apprentice Wage, with many employers paying more.
- Gain a recognised qualification – your apprenticeship can lead to higher education and further study, while improving your career prospects.
- No student loan – develop your career through an apprenticeship, including higher-level options, without needing a student loan.
- Develop key skills – build communication, teamwork, accountability, and other valuable workplace skills.
- Progress your career – gain nationally recognised training and valuable industry experience.
- Employee benefits – as an apprentice, you're an employee of the company and entitled to the same benefits as other staff, including holidays.

We are proud to achieve a
98%
apprenticeship
pass rate,
supporting strong
student success
and progression

If you would like more information regarding apprenticeships, please contact the Apprenticeship Hotline on 0800 358 7979, email apprenticeshipsupport@dncolleges.ac.uk or scan the QR code.

TAKE YOUR NEXT STEP

Ready for your next step? Stay local and aim big with University Campus Doncaster (UCDon), offering a wide range of courses from HTQs to degrees and master's pathways.

Studying here means you can stay close to home, save money on rent and travel, and keep your options open while building your future. You'll also have the flexibility to fit your studies around part-time work or other commitments. And when you graduate, you can celebrate your success right here in Doncaster.

With two campuses across the city, you'll have access to modern facilities, supportive tutors, and a welcoming student community. Our Hub campus in the city centre is home to courses including Business, Creative and Digital

Arts, Construction, Engineering, Education, Health and Life Sciences, putting you at the heart of student life.

If you're into sport, our specialist facilities at Club Doncaster Sports Village give you the chance to train, learn, and gain real-world experience in Sport, Exercise and Health Science, PE and Coaching.

You'll graduate with a qualification awarded by leading universities and professional organisations, including the University of Hull, Sheffield Hallam University, University of Huddersfield,

and University of Lincoln, giving you a strong foundation for your career.

Wherever you want to go next, UCDon is here to help you get there, building your skills, confidence, and future right here in Doncaster.

Access to Higher Education (HE)

Designed for adult learners, our Access to Higher Education courses provide a supportive route to university and career progression. Whether you're returning to study or changing direction, you'll gain the skills, confidence, and qualifications needed to achieve your ambitions.

We offer courses in the following subjects:

- Animal Welfare Science
- Business
- Construction
- Counselling
- Criminal Justice
- Digital Technologies
- Early Childhood Studies
- Engineering
- Esports
- Fine Art & Craft
- Game Development
- Graphic Design
- Health & Social Care
- Illustration & Concept Art
- Mental Health & Wellbeing
- Special Educational Needs, Disability and Inclusion (SENDI)
- Sport Science and Coaching
- Teacher Training (post-16 sector)

COURSES AT A GLANCE

Animal Care Level 1

Animal Care Level 2

Animal Management Level 3

Animal Management Level 3 Extended

Step into a world of furry friends, feathered companions, and fascinating creatures! Ignite your passion for the animal care industry at Doncaster College.

Our courses combine practical experience with knowledge, giving you the skills you need to succeed in a variety of animal care roles, with hands-on learning in our state-of-the-art Animal Centre.

You'll gain practical experience with a wide range of species, including alpacas, equines, reindeer, sheep, birds, exotics, and more.

Work alongside experienced tutors and benefit from partnerships with organisations including Valley Wildlife Park, Yorkshire Wildlife Park, the RSPCA, Vets4Pets, Markham Grange Garden Centre, and Pets at Home. These experiences give you real

insight into the day-to-day work of animal care professionals.

Classroom study covers essential topics such as animal behaviour, welfare, health and safety, and husbandry. You'll also have the chance to take part in two-week overseas placements, gaining valuable international experience.

Our courses develop your technical skills, as well as your confidence, teamwork, and problem-solving abilities. By the end of your studies, you'll be ready to progress to higher education, work abroad, or start a fulfilling career in animal care and conservation.

BEAUTY

& MAKE-UP

COURSES AT A GLANCE

Introduction to the Beauty Sector Level 1

Beauty Therapy Studies Level 2

Beauty Therapy Studies Media Make-Up & Hair Level 2

Nail Services Level 2 & 3

Beauty Therapy Treatments Level 3

If you love making people feel confident and enjoy working in a creative, hands-on environment, a career in beauty could be perfect for you. At Doncaster College, our courses give you the skills and knowledge you need to succeed in the UK beauty industry.

Learn from experienced tutors who provide expert guidance and hands-on training in our commercial salon. You'll practise real treatments on clients, gaining confidence and developing the technical skills employers are looking for. Our courses cover a wide range of areas, including skincare, make-up, nail services, and professional client care.

Beyond the classroom, you'll benefit from workshops, masterclasses, and guest speakers from the industry, keeping you up to date with current trends and techniques. Work experience placements give you the chance to apply your

skills in professional settings and build valuable connections within the sector.

Showcase your talent in competitions such as the National Make-Up Artist Awards, pushing your skills further and boosting your confidence. You'll also develop essential employability skills, including communication, teamwork, and customer service.

By the end of your course, you'll be ready to progress into higher-level training, start your own business, or take on exciting roles in salons, spas, and other professional beauty environments.

EDUCATION & EARLY YEARS

COURSES AT A GLANCE

Caring for Children Level 1 Certificate

Caring for Children & Young People Level 2 Certificate

Early Years Practitioner Level 2 Diploma

Education & Childcare T Level

A career in education and early years is both rewarding and impactful. At Doncaster College, our courses give you the knowledge, practical skills, and confidence to make a real difference in children's lives.

Our Level 2 Diploma and T Level qualifications lead to a licence to practise, while all courses are designed to support progression into employment, apprenticeships, or university study.

Experienced tutors guide you throughout your course, helping you develop the skills needed to succeed in roles such as early years educator, teaching assistant, or classroom support.

You'll learn in excellent facilities, including a simulated day nursery, where practical sessions mirror real-world scenarios. The curriculum covers essential topics such as safeguarding, communication, child development, play and learning, health and

safety, and CV writing.

Work placements with local schools and childcare providers give you first-hand experience, helping you understand how settings operate and building your confidence. Guest speakers also share their expertise, providing insight into current trends and best practice in the sector.

By the end of your course, you'll have gained practical experience, developed key skills, and built the foundation for a fulfilling career. Doncaster College prepares you to support and inspire young learners, giving you the skills and confidence to thrive in the education and early years sector.

ENGINEERING

COURSES AT A GLANCE

Mechanical & Electrical (Engineering) Level 1, 2 & T Level

Fabrication & Welding (Engineering) Level 1 & 2

Electrical Installation (Building Services Engineering) Level 1 & 2

SCAN ME!

If you're fascinated by how things work and enjoy solving problems, a career in engineering could be perfect for you. Engineers design, build, and maintain the technology and infrastructure that shape our world, and a qualification in engineering opens doors to a wide range of exciting careers.

At Doncaster College, you'll gain hands-on experience working on real projects in our state-of-the-art workshops. Our tutors bring industry expertise, guiding you as you develop practical skills and technical knowledge in areas such as mechanical, electrical, and electronic engineering. You'll also use advanced tools and equipment, including CAD and CNC machinery, preparing you for the modern workplace.

You'll have the chance to work on practical tasks such as wiring systems, welding, and creating prototypes, putting theory into

practice and building confidence in your abilities. Throughout the year, employer talks and masterclasses provide insight into current industry practices and career pathways.

Work placements and project-based learning give you opportunities to connect with local businesses and gain real-world experience.

By the end of your course, you'll have developed the technical expertise, problem-solving skills, and confidence needed to progress to higher-level study or launch your career in the engineering sector.

ESOL

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES

COURSES AT A GLANCE

Full-time Study Programmes for 16-18 year olds: ESOL Entry 1, 2, 3 & Level 1

Adult Part-time: ESOL Reading Pre-Entry, Entry 1, 2 & 3, ESOL Speaking & Listening Pre-Entry, Entry 1, 2, 3, Level 1 & 2 and ESOL Writing Pre-Entry, Entry 1, 2 & 3

Functional Skills English for ESOL Learners Entry 3, Level 1 & 2

Maths for ESOL Learners Functional Skills Entry 1, 2, 3 & GCSE

SCAN ME!

Step up your English skills with Doncaster College's ESOL courses. They are designed for people who do not speak English as their first language and want to feel more confident using English in everyday life in the UK.

You'll develop your reading, writing, speaking, and listening skills, as well as improve your grammar, spelling, and punctuation.

We offer full-time courses for 16 to 18 year olds, including trips and work experience. We also offer flexible part-time courses for adults, with classes in the morning, afternoon, and evening. If you are a full-time student, you'll also have the chance to take part in a supported work placement and practise your English in real work situations.

You can also take part in the Duke of Edinburgh's Award, wellbeing sessions, and college sports teams. Educational trips, such

as visits to the Houses of Parliament, and events such as the ESOL showcase give you more chances to practise your English and learn about life in the UK.

Our friendly and experienced tutors have more than ten years of teaching experience and a strong record of helping students succeed. Many students progress from ESOL to GCSE English, maths, and biology, or move on to vocational courses. This can help you build your skills, confidence, and career opportunities.

Completing an ESOL course can help you progress to further study, work, or everyday life in the UK.

ESPORTS

COURSES AT A GLANCE

Esports Level 3

SCAN ME!

If you love gaming and dream of turning your passion into a career, Doncaster College's Esports course could be the perfect starting point. Whether you want to compete at a professional level, manage teams, produce livestreams, or run gaming events, this course gives you the skills and confidence to succeed in one of the fastest-growing industries.

You'll train in our dedicated Esports room, with access to your own high-spec PC, gaming mouse, keyboard, and headset, as well as platforms such as Steam, Epic, and Battle.net. You can play, plan, and train on PC or console using our in-room PlayStation and Xbox, or bring your own equipment for a personalised setup.

The course includes hosting and competing in tournaments, streaming content using OBS, coaching other players, and pitching your own business ideas. Industry-inspired

projects and real-world competitions provide practical experience, bringing together gaming, media, business, and technology.

You'll also gain valuable work experience and build connections with local gaming businesses. Alongside practical skills, you'll develop teamwork, communication, and leadership skills, giving your CV a professional edge.

Join a community of like-minded players at Doncaster College and start building your future in the Esports industry.

FLORISTRY

COURSES AT A GLANCE

Vocational Skills in Floristry Level 1

Floristry Level 2

Professional Floristry (Day & Evening Courses) Leisure Course

Step into the world of floristry at Doncaster College, where your creativity can lead to exciting career opportunities. Whether you dream of working in a flower shop, designing for events, or starting your own business, our courses give you the skills and experience to succeed.

Work with fresh flowers from professional suppliers, learning techniques such as hand-tied bouquets, wedding arrangements, and funeral displays. As a proud member of the British Florist Association (BFA), our courses meet high industry standards and are taught by award-winning tutors recognised for their excellence.

In 2025, Doncaster College was selected to create a display at the prestigious RHS Chelsea Flower Show, giving our students the opportunity to gain first-hand experience at one of the most renowned events in the industry.

At the 2026 Chelsea Flower Show, one of our tutors showcased her own display, won a Gold award, and was titled RHS Florist of the Year.

Gain practical experience in our commercial flower shop, Flowers at The Hub, where you'll create arrangements for real customers. Keep up with industry trends through guest speakers and visits to events such as the Harrogate Flower Show and BFA FleurEx.

With strong industry links, experienced tutors, and hands-on learning, you'll leave Doncaster College with the skills and confidence to turn your passion for floristry into a rewarding career.

FOUNDATION

LEARNING

COURSES AT A GLANCE

Progression Level 1 Gateway Certificate

Employability Entry Level 2 & Entry Level 3

Project Search Supported Internship

At Doncaster College, our Foundation Learning department provides opportunities for 16 to 24-year-olds with learning difficulties and disabilities. We're here to help you prepare for adulthood, develop your independence, and reach your full potential.

Our courses focus on developing important skills for everyday life, including independent living, health and wellbeing, community participation, and employment. You'll also work towards relevant qualifications as part of your course.

With support from our experienced staff, you'll work towards your personal goals in facilities designed to meet your needs. You'll have opportunities to gain work experience with local employers in supportive environments, helping

you develop practical skills and confidence.

Internal work placements within the College also give you the chance to build your independence and employability skills. Our supported internship programme, Project SEARCH, delivered in partnership with Amazon in Doncaster, provides further opportunities to progress towards employment.

You'll explore a range of subjects, including first aid and mental health awareness, and complete additional 'extra mile' qualifications alongside your main course, such as Makaton.

If you have an Education, Health and Care Plan (EHCP), we'll create a personalised programme based around your needs and aspirations. Our aim is to support you to progress into

mainstream courses, supported internships, employment, or more independent living.

You'll also be part of college life, with opportunities to take part in the Duke of Edinburgh's Award, use the on-site gym, and Learning Resource Centre, join Student Parliament, and get involved in volunteering, competitions, trips, and guest speaker events.

This gives you the chance to develop your skills, confidence, and independence while making the most of your time at Doncaster College.

Note: You do not need an EHCP to join our courses.

Health T Level

Do you want to make a real difference in people's lives? A career in health and social care is rewarding, important, and offers a wide range of opportunities. At Doncaster College, our courses provide the knowledge, practical skills, and confidence you need to succeed in this vital sector.

You'll learn in modern training suites with industry-standard equipment, gaining hands-on experience in clinical practice, healthcare, and social care. Our experienced tutors support you throughout your course, helping you develop essential skills such as empathy, communication, and problem-solving. You'll also have the opportunity to gain additional qualifications in areas such as first aid, infection control, and mental health awareness, helping to enhance your employability.

Work placements with local hospitals, care homes, and community organisations, including Age UK and Doncaster and Bassetlaw Teaching Hospitals, give you

real-world experience and help you build professional networks. We also cover the cost of your Disclosure and Barring Service (DBS) check, helping you prepare for your placement and future career. Guest speakers and enrichment activities further develop your understanding of the sector and introduce you to current trends and best practice.

By combining practical experience, theoretical knowledge, and industry insight, Doncaster College prepares you for a fulfilling career in health and social care. You'll leave with the skills and confidence to make a positive difference to people's lives, with a strong foundation for further study or professional progression.

Considering applying for A Levels but want more hands-on experience? A T Level could be perfect for you. T Levels are two-year qualifications, equivalent to three A Levels, designed with employers to make sure what you learn in the classroom matches the skills needed in the workplace.

T Levels combine classroom learning with practical experience through an industry placement of around 315 hours, or roughly 45 days. This gives you the chance to apply your knowledge, develop practical skills, and gain real insight into your chosen career.

By completing a T Level, you'll develop the skills, knowledge, and experience to progress into skilled employment, further study, or a higher apprenticeship.

Each T Level includes:

- A technical qualification focused on specialist skills for a specific career
- A strong focus on digital skills, which are essential in today's job market

- An industry placement offering hands-on experience
- A learning balance of approximately 80% classroom time and 20% industry placement, combining theory with real-world experience

Industry placements are flexible and can be completed as a block, on set days or as a mixture of both. Some placements may involve more than one employer, giving you the chance to broaden your experience.

T Levels give you the skills, real-world experience, and confidence to take your next step towards a successful career.

Please recycle this prospectus when you have finished with it.

To address the environmental impact in producing this prospectus we have printed it on FSC® certified paper which originates from forests that are managed by strict principles and criteria, including maintaining the whole forest ecosystem. It has also been printed by a carbon balanced printing company whose values match our own, helping us to reduce our environmental impact by implementing a carbon capture scheme.

By using carbon balanced paper for our prospectus, we have been able to balance through the World Land Trust the equivalent of **123kg** of carbon dioxide. This support will enable the World Land Trust to protect **24m²** of critically threatened tropical forest.
